## GENERAL INFORMATION

### HISTORY

Aleksander in Poland: Named for its town of origin, the Aleksander Chasidis movement flourished greatly in Poland from the 1870's. Having begun in Aleksandrow Lodzki, Poland, (about forty-five kilometers from Łódź), the Aleksander Chassidim comprised one of the largest chassidic groups in pre-holocaust Poland.

The philosophy of Aleksander is drawn from the Rebbes; Grand Rabbi Simcha Bunim of Peshischa and Grand Rabbi Israel Yitzchak Kalish of Vurke . Peshischa stressed "*Emmes*" and "*P'nimius*" in one's service of Hashem. Vurke taught "Ahavas Yisroel and "*Anava*" before Hashem and fellow man. The Rebbes of Aleksander took these teachings and formed their own unique emphasis on the service of Hashem and a person's relationship with their brethren. The core philosophy of Aleksander can be extracted from the book *Yismach Yisroel* (1911), a well-accepted *Chasidische sefer* known for *chizuk* in all *matzuvim*.

In the year 1872 the Aleksander rebbe founded Yeshiva Beis Yisroel. One of the 4 first yeshivas in Poland, the Yeshiva placed a strong focus on learning only Torah and implemented an analytic

method of studying Talmud, focusing on the precise definitions and categorizations of Jewish law. During the years of operation, the yeshiva had roughly 3000 talmidim.

The majority of Aleksander disciples were annihilated by Nazi Germany during World War II.

Today, Aleksander has emerged from the ashes of the Holocaust and continues to grow in numbers, forming impressive communities throughout America, Europe and Israel.

In year 1987, the late Aleksander Rebbe, Grand Rabbi Yechiel Menachem Singer, founded the ALEKSANDER YESHIVA, it was structured and administered by his son Rabbi Burech Singer - the Rosh Yeshiva.

The vision was to create a place of Torah learning with a *derech halimud* as in the *litvishe yeshivos* of the time. The academic level would appeal to highly motivated graduates of Torah secondary schools. The ideal student of the Aleksander Yeshiva would possess the intellectual capacity, interest and internal discipline to pursue an intensive program

of advanced Torah study and rabbinical training.

Rabbi (Abraham) Burech Singer Shlita, noted Rosh Yeshiva, a graduate of High School Beth Medrash Govoha in Lakewood, NJ, was very close with Rabbi

Shneur Kotler, [who led the yeshiva BMG from 1962 until his passing in 1982]. Having spent six years in Beis Medrash Govoha, R' Burech saw the necessity of importing their "derech halimud" and curriculum to the chassidishe yeshiva system.

## MISSION

The Yeshiva's mission is:

- to train and equip students with the skills, outlook and character to develop into accomplished bnai Torah;
- to shape student aspirations for excellence in Torah learning and for the lifelong pursuit of Torah knowledge, developing each talmid to his full potential;
- to infuse students with Ahavas HaTorah and Yiras Hashem;
- to prepare students to live a life animated by the pursuit of mitzvos and chesed;
- to prepare them for graduate level Torah study;
- to infuse their outlook with classic Mussar ethics;
- to surround elite bnai Torah with a culture that emphasizes traditional chassidic values;
- Imbue students with a sense of broad moral responsibility for their world, their nation and their community.

The Yeshiva's mission is to create a place of intense Torah learning to transmit analytic learning skills wrapped in enduring Torah values. We seek to train talmidim for a life of learning and growth in Torah. The Rosh Yeshiva, a close talmid of Rabbi Shneur Kotler, and a scion of the Alexander Chassidic dynasty, nurtures a unique blend of Litivishe style learning linked with the hanhoga and hashkofa of the Chassidishe mesorah.

Equipping talmidim with thinking and learning skills and promoting their mastery of Torah is connected to another surpassing goal: to shape chassidishe bnai Torah who are yirei Hashem, devoted to dikduk in mitzvos, as well as avodah, chesed and prishus. This blend of character and learning are designed to guide him through life.

There are no shortcuts in this mission. Painstakingly students acquire the advanced analytic and textual skills that open for them our revered sources of knowledge and wisdom, our hallowed

laws, our intricate rituals and venerable customs. But the goal is not simply to mold a mind; it is to shape a fully formed ben Torah, an elevated human being. The process of Torah study and learning

shapes the student's outlook, infusing him with a Torah sensibility, with values that direct his choices in life by a sacred compass.

All qualified men of the Orthodox Jewish faith are eligible for admission to Yeshiva Tiferes Shmiel D'Aleksander without regard to age, race, color, national origin or physical handicap.

The Yeshiva is also an equal opportunity employer and is in compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans with Disability Act of 1992.

Beyond equal access, opportunity and accommodation, the Yeshiva is committed to the understanding, sensitivity, patience, encouragement and support that are essential in guaranteeing to all qualified students the same educational experience and environment as well as the equal opportunity to learn and study at the institution.

## **DISABILITIES SERVICES**

It is the policy of Yeshiva Tiferes Shmiel D'Aleksander to ensure that no qualified student with a disability is excluded from participation in all of the school's academic programs. Furthermore, it is Yeshiva policy to prohibit discrimination on the basis of disability in all school activities and events. The Yeshiva is committed to providing reasonable accommodation for any student with a disability. In order to

facilitate such assistance, students with a disability are asked to inform the Office of Student Affairs of their requirements and provide documentation regarding their needs. Our campus is handicap accessible and we are prepared to make further reasonable provisions to accommodate physically limited students as best as possible. Information regarding disability will be kept confidential and limited to those with a direct need to know.

## **NEW YORK STATE BOARD OF REGENTS**

Under New York State law, a corporation formed for religious and educational purposes which does not confer academic degrees requiring program registration by the State Education Department, requires no state approval or credential in order to exist, or to perform its post-secondary education functions. YTSA is in this category and, therefore, is not subject to the evaluation of the New York State Board of Regents. YTSA does not offer programs leading to academic degrees authorized by the New York State Board of Regents. In the

opinion of YTSA, its curriculum of studies, though different in kind, is equivalent in duration, intensity, depth of knowledge required, level of instruction, and quality of scholarship, to degree programs that are approved by the Board of Regents. YTSA's undergraduate program leads to a First Talmudic Degree.

YTSA's letter of accreditation is on file in its administrative offices and may be reviewed by making a request to do so during regular office hours.

## LIBRARY

The library consists of a large collection of Seforim, with several duplicates of all basics. Basic Seforim found in our library include Chumushim, Tanach, Talmud Bavli, Talmud Yerushalmi, Ramabam, Tor, Shulchon Urech, Reshonim, Achronim, Meforshim on Tanach, Shelot Utshivot, Musor, Chasidus, Hashkufa.

The Seforim mentioned above are bought and maintained by the gabai of chevra Kinyan Sefurim, who is chosen annually by the Rosh Yeshiva. Maintenance includes the binding of all Seforim by a master bookbinder hired to ensure they will last through years of repeated use. Seforim are organized by subject, and books that are used more often are shelved in a more accessible manner. All these Seforim are located in the beis medrash on campus, with access given to all students and staff at any time.

In a constant with our mission and goal, educating students to learn with the derech halimud of “iyun and own havuna”, the Roshei Yeshiva oversee which Seforim and likutim are to be brought, into the beis medrash.

A kovetz meforshim is published by chakas every zeman, with all the necessary reshonim and achronim, as needed for all the students. When

necessary copies can also be made for other Seforim.

A selection of taped lectures given by the Roshei Yeshiva is available to students. Special gabbaim are put in charge of these audio files as they are only available to the public with special permission from the Roshei Yeshiva.

The library inventory to date is estimated to be worth about \$40,000. The Library was enabled and funded in large part by the students, in addition to donations made leilui nishmas others. The annual upgrade made to the Library is about \$10,000. This money is sourced via student donations, family donors, efforts made by the chakas gabbai and with the help of the Rosh HaYeshiva Shlita.

To ascertain which Seforim to include or purchase for the library, the gabuim collect recommendations from faculty and students. These recommendations are then reviewed with Roshei Yeshiva, and purchased upon approval and availability of funds.

The library book cases are custom built for beauty and strength. Bookcases are open stacked, with each sefer clearly labeled and catalogued. Books are carefully arranged and put back into place each night.

## ADMISSIONS

Applications to enroll to Yeshiva are accepted once a year, before the winter semester. There are no enrollments for the fall semester.

Applicants to the Yeshiva Tiferes Shmuel D'Aleksander are advised to contact the Yeshiva's administrative office and request an application for admission to the Bais Medrash program. Interested applicants are encouraged to write to the Registrar to initiate the application process.

Yeshiva Tiferes Shmuel D'Aleksander  
P.O. Box 191176  
Brooklyn, NY 11219  
ATTN: Office of the Registrar

Once the application is fully completed and returned to the office, it is reviewed by the director of admissions, who will then contact the applicant's previous Yeshiva and verify the

information on the application. He also may contact the references listed on the application as well as the Shul that the applicant and his family attend in order to determine if the Buchur is suitable for the Yeshiva.

The Rosh Yeshiva does a general interview with each applicant. This gives him an opportunity to evaluate the candidate's general potential for success in the institute. The Rosh Yeshiva also listens to a "shtikel Torah", or Talmudic discourse, from the applicant. This part of the exam is to test the applicant's ability to engage in specialized Talmudic reasoning.

Once an applicant is approved, he is sent an official acceptance letter by the Yeshiva. His parents are asked to meet in the Yeshiva to discuss the tuition and other charges, and to sign a tuition contract.

## STUDENT RECORDS AND FERPA

The Family Educational Rights and Privacy Act (FERPA) established the following student rights with respect to their educational records:

1. The right to inspect and review the student's education records within 45

days of the day the school receives a request for access.

Students should submit to the administrator, registrar or other appropriate official, written requests that identify the record(s) they wish to inspect. The school official will make

arrangements for access and notify the student of the time and place where records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

If the school decides not to amend the record as requested by the student, the school will notify the student of the decision and advise the student of his right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is defined as a

person employed by the school in an administrative, supervisory, academic or research, or support staff position; a person or company with whom the school has contracted (such as an attorney, auditor, or collection agent); a person serving on the school's Board of Directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yeshiva Tiferes Shmuel D'Aleksander to comply with the requirements of FERPA.

Students may contact the FERPA staff at the following address:

**Family Policy Compliance Office**  
**U.S. Department of Education**  
600 Independence Avenue, SW  
Washington, DC 20202-4605

## DRUG AND ALCOHOL POLICY

As is all too familiar, the academic community is not isolated from such problems as alcohol and drug abuse. In order to comply with federal, state, and city laws, and to promote the health and well-being of our community, the Yeshiva has adopted a stringent policy on alcohol and drugs. All students, faculty, and staff are required to comply with this policy. Faculty, employees and students should make themselves familiar with this policy and the health risks associated with drug and alcohol use and the legal sanctions under local, State, and Federal law for unlawful possessions, use or distribution of illicit drugs and alcohol.

### ALCOHOL

We are committed to creating and maintaining an environment that is free of alcohol abuse. The Yeshiva expects that those who wish to include alcohol as part of their activities will do so responsibly and lawfully. Responsible drinking includes making sound judgments about whether, when, and how much to drink; understanding the health issues related to the consumption of alcohol; and avoiding excessive drinking and other abuses of alcohol that negatively affects one's academic work, social and personal activities and health.

#### Legal Stipulations

New York State law provides that:

Alcoholic beverages shall not be provided under any circumstances by any licensed server to any person under the age of 21 or to anyone who is disorderly, visibly intoxicated, or known to be a habitual drunkard.

No person under 21 years of age may misrepresent his age for the purpose of obtaining alcoholic beverages, nor may a person assist another in such a misrepresentation.

Proof of age must include presentation of a valid American or Canadian driver's license or non-driver identification card, a valid passport, or a valid identification card issued by the United States Armed Forces.

No person under 21 years of age shall provide false or written evidence of age for the purpose of attempting to purchase alcoholic beverages.

No person under the age of 21 may possess any alcoholic beverage with the intent to consume it.

Actions or situations that involve forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization are prohibited.

Alcoholic beverages may not be served where money changes hands (sale of drinks, admission charged, donations

solicited, etc.) without the appropriate license or permit.

Events that involve money changing hands require a Temporary Beer and Wine Permit issued by the New York State Alcoholic Beverage Control Board. Hard liquor is not permitted at these events. This includes free events under an organization which charges a membership fee.

Appropriate posted warnings about the effects of alcohol during pregnancy must appear at all events where alcohol is served.

Violation of these laws may subject the violator to legal penalties that can lead to suspension of one's driver's license to fine or imprisonment.

Within the College, the illegal or wrongful possession, provision, or consumption of alcohol, will lead to proceedings which can include a range of disciplinary sanctions including the requirement for psychological counseling and appropriate treatment; suspension or expulsion; or referral of violators for criminal prosecution.

On the first violation, a verbal warning will be given and documented; on the second a written warning, and on the third violation, the individual will be referred for disciplinary action.

Employees should note that they may not report to work or be at work while under the influence of alcohol.

## **DRUGS**

The Yeshiva recognizes the illegality and danger of drug abuse and, accordingly, strictly prohibits the possession, use, manufacture, or distribution of illicit drugs on Yeshiva premises or as part of any Yeshiva activity.

Students and employees who violate the College's policies concerning illicit drugs will face discipline up to and including expulsion or termination of employment, and may also include the requirement of completing an appropriate rehabilitation program. Moreover, all students and employees should be aware that, in addition to Yeshiva sanctions, they may be subject to criminal prosecution under federal and state laws that specify severe penalties, including fines and imprisonment, for drug-related criminal offenses. The seriousness of these crimes and the penalties imposed upon conviction usually depend upon the individual drug and amount involved in the crime. See the section below that provides information concerning sanctions under federal law.

The unlawful manufacture, distribution, dispensation, possession, or use of a Controlled Substance in a Yeshiva Workplace by any Yeshiva employee is prohibited. A "Controlled Substance" is

any of those substances referred to in Schedules I through V of Section 202 of the Controlled Substances Act, 21 U.S.C. 812, and as further defined in regulation at 21 CFR 1308.11-1308.15. These include substances that have a high potential for

misuse or which, if abused, may lead to severe psychological or physical dependence. Among these are heroin, other opium derivatives, marijuana, cocaine, and other hallucinogens.

## TEXTBOOK INFORMATION

Yeshiva Teferes Shmuel D'Alaksander offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them from one of the local Judaic bookstores stores in the area. Many students prefer to have their own Gemarah which costs between \$20-\$50, depending on the publisher and addition, and a Kovetz Miforshim which costs between \$25 and \$45. Most texts used in the program are reprints of the

Talmud and other classical texts that do not have ISBN numbers.

# ACADEMIC REGULATIONS

## GRADING POLICY

Grades are based on academic performance, participation in the Shiur and effort. The student's cumulative grade point average, or GPA, is calculated by multiplying the grade point equivalent for each grade by the number of credits, adding the products, and dividing the sum by the total number of credits. The student's cumulative GPA will appear at the end of each semester on the student's transcript.

An average of C, or 2.0 or better is expected to be maintained at all times. Students falling below this average may be placed on academic probation.

Grades and GPA equivalencies are as follows:

<b>A</b>	Excellent	4.0
<b>A-</b>		3.7
<b>B+</b>	Good	3.3
<b>B</b>		3.0
<b>B-</b>		2.7
<b>C+</b>	Average	2.3
<b>C</b>		2.0
<b>C-</b>		1.7
<b>D</b>	Poor	1.0
<b>F</b>	Failing	0.0
<b>I</b>	Incomplete	Not counted in GPA
<b>W</b>	Withdrawn with Permission	Not counted in GPA

## SATISFACTORY ACADEMIC PROGRESS

All students enrolled in Yeshiva Tiferes Shmuel D'Aleksander are expected to maintain satisfactory levels of academic achievement to continue their enrollment in the Yeshiva. Satisfactory academic progress as defined by Yeshiva

Tiferes Shmuel D'Aleksander has two components: a quantitative component and a qualitative component.

Quantitatively, a student must make sufficient progress through the academic program to complete the normal five-year undergraduate program within a time period of not more than seven years, as follows:

Year: 1 2 3 4 5 6 7

Credits: 20 40 60 80 100 120 150

Qualitatively, students must achieve a cumulative GPA of at least a C or 2.0.

## ATTENDANCE

Although formal attendance is not taken, students are required to attend all classes on a regular basis. Excessive

unexcused absences may result in denial of credit, disciplinary action or suspension at the discretion of the Menahel.

## BEHAVIOR

The Bais Medrash program represents a high-level academic community based on Halucha, mutual respect for one's fellow students and for Jewish tradition.

The student enrolled in Yeshiva Tiferes Shmuel D'Aleksander is expected to behave according to the rules and values defined in Halucha.

## INTELLECTUAL INTEGRITY/ ACADEMIC HONESTY

Students are expected to behave according to the rules of Halacha and to conform to Chasidic practice. The study of Bible, ethics, and Jewish philosophy is not meant to be an abstract or theoretical exercise. It is bound up with a body of prescriptive ethical behavior.

This is particularly true with regard to the academic enterprise which thrives in an environment of open and honest

learning, debate and critical thinking. Nothing is more inimical to this culture than breaches of academic and intellectual integrity. A member of the faculty, administration or student body who violates this trust, undermines the academic community's ethical scaffolding and forfeits his right to participate in the community of learners and scholars.

Academic dishonesty such as plagiarism, cheating on an examination, or dishonesty in dealing with a faculty member or other Yeshiva official, or the threat of violence or harassment, are serious academic offenses and will be dealt with severely.

Faculty is obliged to promote awareness of, and to educate all students about what constitutes academic honesty and to foster a cooperative climate that deters academic dishonesty. To assure impartiality in the classroom, instructors should provide students with an explicitly stated grading policy. Such a grading policy may also include an academic honesty policy, which provides for specific penalties for such breaches as cheating on exams, unauthorized peer to peer sharing, unauthorized distribution of copyrighted material and plagiarizing material from others.

Scholars draw inspiration from the work done by other scholars; they argue their claims with reference to others' work; they extract evidence from earlier scholarly works. When a student or faculty member engages in these

activities, it is vital to credit properly the sources that are used. To fail to do so violates scholarly responsibility.

It is expected that academic work of any kind - whether a research paper, a critical essay, a homework assignment, a test or quiz, or a creative assignment, is entirely the product of the person whose name it bears and was prepared without assistance. If joint projects are assigned, then the work is expected to be wholly the work of those whose names it bears. If the work contains facts, ideas, opinions, discoveries, etc., that originate with others, this must be properly acknowledged according to commonly prescribed formats such as footnotes, endnotes, citations, etc.

The policy prohibiting plagiarism applies to all members of the academic community. It proscribes buying, stealing, borrowing, or otherwise obtaining all or part of a paper (including obtaining a paper online); hiring someone to write a paper; copying from or paraphrasing another source without proper citation or falsifying citations; and appropriating the ideas of another without citation.

## **COPYRIGHT INFRINGEMENT**

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner

under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-

sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award

up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at [www.copyright.gov](http://www.copyright.gov)

## RESPONDING TO CASES OF ACADEMIC DISHONESTY

When faced with the possibility that a student has engaged in an act of academic dishonesty, faculty are encouraged to discuss such concerns with:

- the student, asking a series of specific questions about the material in question and evaluating the student's response to them to arrive at a reasonable indication of whether or not there are real grounds for the suspicion of dishonesty;
- the Menahel, for guidance throughout the process or;
- the Rosh Hayeshiva.

There are a number of possible responses to cases of academic dishonesty. After explaining to the student what the academic sanction will be and why it was chosen (given the nature of the dishonesty), faculty may, for example, lower the grade for the relevant piece of

work or lower the final grade for the course. In such situations, faculty will discuss this with the Menahel to determine the student's responsibility and the fairness of the sanction.

The Menahel may investigate further to learn if the student is facing additional problems that require interventions of a different nature and that need to be addressed more broadly.

Alternatively, faculty may refer the matter to the College's disciplinary process overseen by the Rosh Hayeshiva. If this is the chosen option, faculty will provide a brief written report about their concerns supplying whatever evidence they may have. The student will then be required to meet with the Menahel to prepare for a hearing with the Rosh Hayeshiva who will make a determination

based on the gravity of the offence and the circumstances of the individual student.

If the student is found responsible, he may face a range of possible sanctions:

- **Disciplinary Warning:** A warning that any additional violations may result in serious disciplinary action. This is the minimum sanction for a student found responsible for violating school policy.
- **Disciplinary Probation:** The student is placed on probation. Any further violations of school policies during the probation will result in serious

disciplinary action. Student's parent(s)/guardian(s) may be notified and the student may be barred from living in the dorm for a specified period of time.

- **Disciplinary Suspension:** The student is removed from the Yeshiva for a specified length of time. Parent(s)/guardian(s) are notified.
- **Expulsion:** The permanent termination of student status with the possibility of a notation on the student's permanent academic record specifying the sanctions and indicating that the sanction is a result of academic misconduct. Parent(s)/guardian(s) are notified.

## ACADEMIC DISHONESTY APPEALS

A student found responsible for violating rules or of engaging in academic misconduct or dishonesty has the right to request an appeal of the decision and the resulting sanctions within ten calendar days (or as indicated in the letter notifying him of the sanction). The appeals must be filed in writing to the official mentioned in the outcome letter. There are three grounds for appeal. If the student:

1. Presents new information that was unavailable at the time of the hearing;
2. Presents persuasive arguments that the decision process was flawed;
3. Presents a case for the sanction being too severe.

After carefully considering the appeal, the Rosh Hayeshiva will determine if a change in the outcome of the original decision is warranted. The decision on the appeal is final.

Under special circumstances a student may have to be restricted even before a hearing is held. In such cases interim actions may include restricting access to the dorms or other campus buildings and/or suspending a student from participation in classes or campus activities. The Yeshiva will only take these interim actions if it is determined that the student's presence on campus may constitute a danger to the normal operations of the institution, the safety of

himself or others, or to the property of the Yeshiva or others.

## **OUTSIDE PROCEEDINGS**

If an investigation is occurring outside of the Yeshiva community (as in the case with criminal investigations) they may postpone the Dean's Discipline process until the conclusion of outside proceedings. However, interim measures may be taken immediately as indicated above. It should be noted that the results of the outside investigation may be

considered in the institutional investigation especially if that investigation reveals behavior that may be dangerous or damaging to the Yeshiva community. It is the responsibility of the student to notify the Office of Judicial Affairs and Community Standards of appeals

## **ACADEMIC PROBATION**

Students maintaining a C or higher average, who drop below a C average for one semester may be placed on academic probation for one semester. Should the student fail to achieve a C average at the end of the probationary period, his probationary standing may be extended to subsequent semesters, until he can re-establish satisfactory academic standing.

To re-establish satisfactory academic standing, the student must consult with the Rosh Yeshiva who will design a study plan to assist the student in raising his grades. Students who do not take advantage of the Menahel's program may be asked to leave the Yeshiva. Students are advised to review the Yeshiva's financial aid policies for information on how academic standing may affect financial aid eligibility.

## **INCOMPLETES AND WITHDRAWALS**

A student who fails to complete all required coursework may be allowed up to six months to fulfill the course

requirements. In the interim, the student will have the grade "I" (incomplete) entered on his academic record. The grade

I is not included in the student's GPA. If the required coursework is not completed satisfactorily by that time, the grade I will be changed to F, which is included in the GPA.

A student who withdraws from a course with the approval of the Menahel will have the course recorded as "W" (withdrawn with permission), and the GPA will not be affected.

## **REPETITIONS**

If a student fails a course, and then repeats the course with a passing grade, the failing grade may be deleted from the calculation of his GPA.

Course credit is generally not offered twice for repetition of a course. However, a student may enroll in a course, with faculty approval, that he had already taken if it is subsequently offered with a significantly modified curriculum.

## **REMEDIAL COURSES**

There are no non-credit remedial courses offered at Yeshiva Tiferes Shmuel D'Aleksander.

## **APPEALS**

A student may appeal an adverse decision including (a) probationary status, (b) lack of satisfactory progress status, or (c) a decision of dismissal based on unsatisfactory scholastic performance, if he can demonstrate mitigating personal circumstances.

These circumstances may include some personal problem experienced by the student or a family member such as illness, death, loss of employment, etc. The student must file this appeal with the Menahel within one week that he was advised of any given decision. The Menahel will respond to the student's appeal within one month of the appeal.

## TRANSFER CREDITS

Transfer credits may be awarded for parallel courses of study at comparable institutions. The student's placement as well as the awarding of credits is determined based on an academic transcript and a personal interview with the director of admissions. Decisions regarding transfer credits are subject to the same appeals process described above.

Transfer credits may be granted, at the discretion of the director of admissions, for courses completed at comparable postsecondary institutions, subject to the following conditions:

- The credits transferred must be based on coursework similar in content, style and academic rigor to the one offered at Yeshiva Tiferes Shmuel D'Aleksander.
- The student must have earned a grade that would have enabled him to pass a similar course at Yeshiva Tiferes Shmuel D'Aleksander.
- All credits must be properly documented.
- Transfer credits accepted are counted toward the number of attempted credits and the number of credits earned by the student.

## FINANCIAL INFORMATION

### TUITION

Tuition for Yeshiva Tiferes Shmuel D'Aleksander students is based on a full program of courses for each of two semesters per year. The Yeshiva only

enrolls full-time students. For the 2018-2019 academic year, the annual tuition fee is \$16,000. This includes meals.

### GENERAL FINANCIAL AID POLICY

Yeshiva Tiferes Shmuel is committed to helping deserving students acquire financial assistance. The aim of the financial aid program is to assure that no qualified student is denied access to higher education because of financial obstacles. The Financial Aid Office is here to help the student identify resources to fund his education. It is available to assist in completing applications for financial aid. The office also monitors financial aid and oversees compliance with the rules and regulations governing the award of financial assistance. The Financial Aid Office is open to students from 9:00-5:00, Monday through Thursday.

Students are encouraged to meet with the financial aid counselor to determine their eligibility for various assistance programs and to discuss the types of assistance available. Based on their preliminary assessment, the Financial Aid Office will make a determination as to the

expected amount to be paid by the student and his family and what federal aid, if any, may be available to the student. The Financial Aid Office has application forms for financial assistance programs and provides help and advice for students in completing them.

Financial aid packages that may be offered to students include grants and work-study jobs. The institution may also offer financial assistance in the form of institutional scholarships to needy students as long as scholarship funds are available. Eligibility for federal programs is determined by an evaluation of the student's financial need, based strictly on the formulas developed by the Department of Education. While Yeshiva Tiferes Shmuel is committed to making every effort to help students acquire aid, it is not possible to guarantee such assistance.

## APPLYING FOR FEDERAL AID

To apply for federal financial aid, a prospective student should complete a Free Application for Federal Student Aid - FAFSA, and read the U. S. Department of Education booklet, "The Student Guide", both are available from the financial aid office during posted hours. In addition, students should consult the files on sources of educational aid at their local library. You can also obtain a copy of the FAFSA, along with instructions, online at <http://www.fafsa.ed.gov>

The FAFSA has to be filed each academic year. This is true even if you have received scholarships in previous years.

In order to be eligible for Federal Student Aid (governmental grants) you must have either a high school diploma, a GED certificate or demonstrate an ability to benefit. A home-schooled person is deemed to have met this requirement if he states that he has finished high school. To be eligible for federal aid, you must be either a US citizen or an eligible non-citizen and you must have a valid social security number.

A student's eligibility for Title IV federal programs is determined by a process known as "need analysis," which includes an initial determination about whether the student is dependent upon his parents. Instructions to the FAFSA

help the student determine his status. The Financial Aid office can help with further explanations.

If a student is dependent upon his parents, a parental contribution is assessed. This is the amount the parents are expected to pay, based on their income and available assets. Allowances are made for living allowance expenses based on family size, taxes paid, and the number of children in college. The student himself is expected to contribute towards his education, using his earnings, if any.

The Parental Contribution, where applicable, is added to the Student Contribution, to yield the expected family contribution. Expenses that reduce the respective "contributions" beyond those listed above may be considered under a process known as "Professional Judgment". The student initiates this process after the preliminary assessment of eligibility is completed. The student may at that point make a request for change based on submitting documentation of tuition, medical expenses or other unusual expenses (such as loss of income). This information can then be utilized by the Director of Financial Aid to arrive at a revised figure for "Expected Family Contribution." Students exhibiting need, who apply on time will probably be awarded aid.

The FAFSA application may be completed by the student and his spouse or his parents. If a paid preparer is used, his/her signature is also required. The form may be submitted to the Financial Aid staff to check that it has been properly filled out before forwarding it to the processor.

Shortly after this application is filed, often within two days, the school will receive a Student Aid Report (SAR) furnishing the information from the original application and also providing notice of the student's eligibility for assistance. The SAR will detail the amount that will be awarded by the grant.

An application may be selected for verification. If this happens the student will be notified by mail. Selection criteria are determined by the United States Department of Education and do not reflect on the veracity of the application. In some cases verification is called for because of discrepancies in data that have been submitted. Other applications may be selected at random, while yet others may be triggered by a significant difference in submission data from year to year.

Verification is a process by which the student is required to verify or document the statements that he has made on the application. Among items the student will be requested to verify are: taxable income, income tax paid, household size, number

of family members in post-secondary education, certain federal tax deductions, and other similar information. Those selected for verification must furnish the specific documentation that is requested within sixty days. Failure to do so carries serious consequences and may result in the loss of financial aid.

If there is data in school files that conflict with information a student submits, or if the documentation provided is questionable, the school is required to withhold payment of grant funds until there is a satisfactory resolution of the issue. The school is required to report suspected fraud to the regional office of the U. S. Inspector General.

If corrections of the original application are required the student will be notified of the changes that must be entered on the Information Review Form (Part II) of the SAR.

If a student receives Title IV funds to which he is not entitled he must repay all of the funds. If he fails to do so the school is obliged to refer the matter to the U.S. Department of Education. This information will also be passed on to any school the student may attend in the future.

For Federal Pell grant and FSEOG programs financial aid disbursements are scheduled for the beginning of each semester. Students will generally receive one half of their scheduled awards during

the first semester and the second half during the second semester.

Students who attend the first semester but do not complete their paperwork until the second semester are eligible for retroactive payments to cover the first semester, providing the student continues to be enrolled at the time of SAR submission.

Nevertheless students are encouraged to submit their applications by September 1. Failure to submit by this date may delay processing. It is also important to note that some grants may not be available to late applicants.

Payments from the Federal Pell and FSEOG Programs are usually made by direct credit to the student's tuition account, although they may also be made by direct payment to the student. Students will be informed of the expected amount of these payments and may inspect their tuition records during regular hours at the Financial Aid Office.

The funds received must be utilized solely for educational or educationally related purposes. Students will be held responsible to repay any monies, the use of which cannot reasonably be attributed to educationally related expenses. The grantee must sign an Anti-Drug Abuse Act certification as well as a certification stating that he does not owe a refund to any Title IV program, and is not in default of any Title IV loan. To be eligible students

must also be in compliance with Selective Service registration requirements.

To remain eligible for federal assistance the student must maintain satisfactory progress in his studies, as described in a later segment of this catalog. Here it will be sufficient to mention only that in general the student should register for twelve, but no fewer than nine, credits per semester and should complete the undergraduate program in ten, but no more than fifteen semesters, with a grade point index of 2.0 or above. Under extraordinary circumstances, such as injury or illness, or death in the family, these requirements may be adjusted at the discretion of the Yeshiva. Students who feel that their case merits such exemptions should apply in writing to the Menahel.

Please note, the above satisfactory academic policy applies for federal assistance only. View the section that follows on NYS TAP requirements.

Students who fail to make satisfactory progress because they have fallen below the required pace of credit accumulation or for dropping below the required Grade Point Index will be placed on academic probation for one semester. They remain eligible for Federal FA during this period of probation.

If the student fails to achieve the required level of progress in the probation period, he loses his financial aid eligibility until he can reestablish his good standing.

Good Standing can be reestablished by consulting with the Menahel who will design a study plan as explained in a later section of this catalog. Students who follow an approved study plan may be

reinstated for federal aid for the duration of the semester.

## APPLICATION DEADLINES

Applications for Pell Grants may be processed until June 30. However, students are strongly advised to submit their applications by September (before the beginning of the school term). Funds for some programs are limited and are distributed with a priority given to

students who have filed before the deadline. Failure to meet the deadline may also result in delays in processing the application.

## FEDERAL PELL GRANTS

The Federal Pell Grants Program provides students with outright grants that are to be used for their education. These grant awards do not have to be repaid and are available to each eligible student who attends an eligible institution. Eligibility, is determined by

the processing of an approved application, and is reported to the student in a SAR (Student Aid Report) from an appropriate processing center. Grants vary from \$555 to \$6,095 based on a federally generated formula.

## CAMPUS BASED PROGRAMS

Each institution is allocated a fixed sum based on its student population and other factors. The institution then analyzes all eligible financial aid applications that have been submitted in a timely fashion and determines an equitable distribution of the funds available in process known as "packaging". Students who apply after the initial packaging allocations have been

made may miss funding from any of these programs.

**Federal supplemental educational opportunity grants (fseog):** Recipients are selected for the FSEOG award by the school, based on a "packaging" policy in which available funding is matched against the total "need" of the student. Priority is given to Pell recipients with the

lowest Family Contribution. Awards are \$250 per semester. There is a matching component in which the institution

matches the federal contribution with its own contribution at a ratio of 25% institutional share to 75% federal share.

### **FEDERAL WORK STUDY PROGRAM (FWSP):**

Undergraduate and graduate students who demonstrate financial need may apply for Federal Work Study. Under this employment program students who are judged eligible by the Financial Aid Office are assigned to a work study appointment of a specified number of hours (at no less than the current minimum wage and sometimes more, depending upon the type of job assignment). The assignment will yield a designated total wage to be paid monthly until the allocated funds are exhausted or the assignment is completed, whichever happens first. Assignments will be based on student need, class schedule, health, and academic progress. A preliminary determination is also made of the

student's fitness for the assignment and that it will not impair his academic progress.

Undergraduates are paid by the hour, while graduate students may receive a set salary. The maximum number of weekly hours of work for a student is twenty. Some work study assignments may involve community service and/or campus work. The institution pays a matching portion for each federal dollar, in the past in a ratio of 25% to 75% for the federal contribution, which may be paid to the student or, if the student so expressly requests, deposited in his tuition account.

### **NEW YORK STATE TUITION ASSISTANCE PROGRAM**

Legal residents of New York State who are enrolled in a full-time degree program of at least 12 points a term, or the equivalent, may be eligible for awards under the New York State Tuition Assistance Program. ## **INSTITUTIONAL SCHOLARSHIPS**

The Yeshiva has a program of tuition assistance for students who have exhausted other avenues of assistance and are unable to meet their tuition requirements. These institutional scholarships are funded by individual donations as well as special fundraising functions held throughout the year. Students wishing to apply for this assistance are advised to contact the financial aid office. Any student who applies for financial aid will automatically be considered for an institutional scholarship.

Any student who has difficulty in meeting his educational costs at the

Yeshiva should meet with the financial aid staff to learn about the options available to him, which include institutional scholarships and deferred payment plans.

Considerations in determining financial assistance are the student assets and income, or if he is a dependent, his parents assets, income and expenses, and the estimated academic expenses of attending the program. A student's financial need is determined by subtracting the student and parent's contribution from the total cost of education.

## **REFUND POLICY**

If a student finds that he must withdraw from his courses while the semester is in progress, he is required to notify the registrar as soon as possible of his intent to withdraw. The student will be entitled to a refund of tuition payments made to the institution depending on when in the semester he withdrew from classes.

The Yeshiva will determine the amount of the refund based on the official date of withdrawal, which is the date that the student notified the registrar or the last date of attendance, whichever is earlier. Students withdrawing from the Yeshiva are entitled to a refund of their paid tuition fees based on the following formula:

<b>Withdrawal prior to the last day of the drop period</b>	<b>100% refund</b>
<b>Within first two weeks of classes</b>	<b>75% refund</b>
<b>Between two and three weeks</b>	<b>50% refund</b>
<b>Between three and four weeks</b>	<b>25% refund</b>
<b>After four weeks</b>	<b>No refund</b>

## **STUDENT SERVICES**

### **COUNSELING**

The Yeshiva's faculty is always accessible to students, and is prepared to provide assistance to any student with a personal problem or issue. The faculty members maintain a close relation to the Talmidim, and have a genuine interest in their well-being. Therefore any student who feels that he needs to consult someone on a personal matter is encouraged to meet with the Menahel, the Mashgichim or the Magidei Shiur.

With respect to counseling, the Yeshiva is of the view that the time spent in counseling students is directly related to the student's academic performance. Therefore, it is quite common that discussions of this type will only contribute to the student's feeling better about himself and becoming more self-confident. Of course, this goes hand in hand with the student's learning which should be strengthened in the process.

## **TUTORING**

The Yeshiva will provide tutoring for any student who needs assistance with his learning. This is not something that a student needs to be ashamed of. Either he can request such assistance himself, or this can be initiated by a faculty member. Generally, the tutoring is provided by Kollel students and can be either for one Seder or for the entire day.

The cost of the tutoring is assumed by the student or his family. This is especially so in cases where the Yeshiva required tutoring as a condition for the student's admission. However, if the student or family is unable to afford this expense, the Yeshiva may offer to assist in raising funds for this purpose. But the Yeshiva does not bear responsibility for the cost of tutoring.

## **Transportation**

There is no transportation provided by the yeshiva, students traveling from Williamsburg can get special student fare

rate at the Williamsburg-borough park bus.

## **Dormitory**

The yeshiva does not have its own dormitory.

## **AVAILABILITY OF FULL TIME EMPLOYEE**

Yeshiva Tiferes Shmuel has designated Rabbi Feivel Unger, Administrator, as the full time employee available to assist enrolled and prospective students in obtaining information on financial aid programs available, criteria for eligibility, and procedure for applying for financial aid, cost of attendance, retention rates,

completion and transfer rates, institutional security and crime statistics, and all required disclosures and information, as required by 668.42, 668.43, 668.45 and 668.46 of the Code of Federal Regulations. He is available in the administrative offices during regular business hours.

## **STUDENT COMPLAINTS**

### **INTERNAL COMPLAINT POLICY**

If a student has a complaint, he should submit it in writing to the Rosh Yeshiva. The complaint will be investigated, and the student will be informed in writing

within 30 days of the resolution of his complaint. No person directly involved in the complaint issue will make the final determination of the complaint.

### **AARTS COMPLAINT POLICY**

All students also have the right to submit complaints to AARTS. A written complaint can be sent to: Association of Advanced Rabbinical and Talmudic

### **New York State Complaint Procedures**

Section 494C(j) of the Higher Education Act of 1965, as amended provides that a student faculty member, or any other person believes he/she has been aggrieved by an institution of higher education has the right to file a written complaint.

In New York State, a complaint may be filed by any person with reason to believe that an institution has acted contrary to its published standards or that conditions at the institution appear to jeopardize the quality of the institution's instructional programs or the general welfare of its students. Any student who believes he/she has been aggrieved by an institution, may file a written complaint

with the Department within three years of the alleged incident.

#### **How to File a Complaint**

1. The person should first try to resolve the complaint directly with the institution by following the internal complaint procedures provided by the institution. An institution is required to publish its internal complaint procedure in a primary information document such as the catalog or student handbook. (The Department suggests that the complaint keep copies of all correspondence with the institution.)

2. If a person is unable to resolve the complaint with the institution or believes

that the institution has not properly addressed the concerns, he/she may send a letter or telephone the Postsecondary Complaint Registry to request a complaint form. The telephone number is (212) 951-6493. The address is:

**New York State Education Department  
Postsecondary Complaint  
One Park Avenue, 6th  
New York, NY 10016**

3. The Postsecondary Registry Form should be completed, signed and sent to the above address. The completed form should indicate the resolution being sought and any efforts that have been made to resolve the complaint through the institution's internal complaint processes. Copies of all relevant documents should be included.

4. After receiving the completed form, the Department will notify the complainant of its receipt and make any necessary request for further information. When appropriate, the Department will also advise the institution that a complaint has been made and, when appropriate, the nature of the complaint. The complainant will also be notified of the name of the evaluator assigned to address the specific complaint. The evaluator may contact the complainant for additional information.

5. The Department will make every effort to address and resolve complaints within ninety days from the receipt of the complaint form.

### **Complaint Resolution**

Some complaints may fall within the jurisdiction of an agency or organization other than the State Education Department. These complaints will be referred to the entity with appropriate jurisdiction. When a complaint concerns a matter that falls solely within the jurisdiction of the institution of higher education, the complainant will be notified and the Department will refer the complaint to the institution in question and request that the matter receive a review and response.

Upon conclusion of the Department's complaint's review or upon a disposition of the complaint by referral to another agency or organization, or to the institution of the higher education, the department will issue written notice to the complainant describing the resolution of the complaint. The complainant may contact the Department evaluator directly for follow up information or for additional assistance.

# ACADEMIC PROGRAM

## OVERVIEW

Prior to World War II, a great number of outstanding Talmudical centers graced the vibrant Jewish communities of Eastern Europe. After the Holocaust, none of these institutions remained standing, but new ones were established in America, Eretz Yisroel and Western Europe, with the result of keeping the dynamic tradition of Torah scholarship alive. Yeshiva Tiferes Shmuel D'Aleksander is a link in this chain of scholarship, seeking to pass on the rich heritage of Talmudic scholarship, Chasidus and Jewish philosophy.

The core of the Yeshiva's program revolves around the study of Gemorah, which comprises the bulk of the student's day. The Yeshiva focuses on Iyun and Bekiyus learning. To accomplish this goal then yeshiva has 3 separate Shiurim in Gemorah. (1. Iyun in the morning Seder. (2. Iyun-Kal In the first portion of the second seder. (3. Bekiyus in the third seder.

### **Iyun:**

The first Seder of the day involves Iyun learning, in which students are exposed to intensive, in-depth analysis of each portion of Talmudic text, together

with the commentaries of the principal Rishonim and Achronim on the Mesechta studied.

### **Iyun-Kal:**

At the second Seder We introduced a system which we call "*Iyon Kal*", where the talmidim learn approximately a blatt a week with an emphasis placed on the "bigger" *Inyunim* on the blatt. The seder is

run by a former talmid. The objective of this seder is to impart to the talmidim the skills necessary to learn beyiun in a quicker fashion, something absolutely vital to becoming a talmid Chuchem

### **Bekiyus:**

A seder of *Gemura*, *Rashi*, *Tosfos* of approximately two blatt a week, to round off the *Yedios* and to get the talmid accustomed to learning *Gemura*, *rashi*, *Tosfos*, a basic requirement to being a religious Jew.

Generally, one Mesechta is studied per year. However, many students study other Mesechtas, as well, on their own time. These other Mesechtas are not part of the curriculum. As in most Yeshivas, there is a rotation of Mesechtas studied so

that a student will be exposed to a small but important selection of Shas. The specific rotation of Mesechtas varies from institution to institution. The Gemorah curriculum of Yeshiva Tiferes Shmuel D'Aleksander follows very closely the curriculum found in postsecondary Yeshivas.

In order to facilitate greater interaction between the levels of the program, and the sharing of learning skills among the students, the entire Bais Medrash will study the same Mesechta, with each year proceeding at the depth appropriate to its level and developing the skills needed to progress to the next level.

In this way, the student of Gemorah not only becomes exposed to additional applications of legal concepts, case law and logical reasoning, but over time he becomes more skilled in the "language" and the "style" found in the Gemorah. This will enable him to advance to the graduate level of study and ultimately prepare him for independent, lifelong study of Gemorah.

Important study skills developed include: the ability to analyze texts, the interrelation of different areas of knowledge, the application of general principles and concepts to new and unfamiliar bodies of knowledge, and greater facility in library research and literature retrieval.

In the area of logic and reasoning, students master the analysis of statements, learn to check for internal consistency in a system of ideas, practice problem solving skills, and develop the ability to formulate hypotheses, to isolate, define and clarify difficult concepts and contents, to penetrate to the crux of an issue and to develop inquisitive skills.

The study of Mussar and Chasidis, or Ethics and Philosophy, is central to the development of the Ben Torah. Practical application of self-analysis and self-evaluation is stressed with an eye toward strengthening one's relationships Bein Odom LeChaveiro and Bein Odom LaMakom.

## FREQUENCY OF COURSE OFFERINGS

Students enrolled at Yeshiva Tiferes Shmuel D'Aleksander generally take the maximum number of courses offered each term at their grade level and progress toward their degrees in the time frame outlined in the sample curriculum. Course

offerings for each semester take into account the needs of all the students, and courses are offered with enough frequency to enable students to graduate within the normal time frames.

## **DEPARTMENT OF MUSSAR/CHASIDUS**

The application of ethical and philosophical systems to seek ultimate truth is an important element of Jewish knowledge and learning. The study of traditional Talmudic philosophy exposes the student to a world-view through fundamental principles of Mussar, Chasidus and Jewish ethics.

Mussar, employs Talmudic concepts to seek ultimate truth and reality and is an important component of Jewish ethical philosophy and thought. Mussar aims to bridge the world of theory with the practical realms and challenges of everyday life. Its goals are eminently practical as it seeks to uncover and operationalize fundamental Jewish values of morality, service and interpersonal relations. In focusing on ethics it also develops an intellectual basis for ethical systems. In addition to focusing on some similar areas

These courses also study the pietistic philosophies of Chasidism that stem from the eighteenth century movement founded by Rabbi Yisroel Baal Shem Tov. The movement had many roots but its outward manifestation was an orientation to pious virtue and joyous service. Chasidic leaders, students and disciples of the Baal Shem created the philosophic

underpinnings of the movement through a body of Chasidic literature that is richly veined with metaphysical references, esoteric allusions and Kabbalistic influences.

Among the texts that may be used in these courses are such classical works as:

Kav Hayashar, Orchos Tzadikim, Mesilas Yesharim, Chafetz Chaim (Shmiras Haloshon), Noam Elimelech, Be'er Mayim Chaim, Bnei Yisoschar, Kedushas Levi, Sediru Shel Shabbos, Avodas Yisroel, Yismach Yisroel.

**MS-403 B - Intermediate Mussar/Chasidus: Building a Hashkofa 3 credits**

Based on readings and chavrusa study of Mussar /Chasidic sources students analyze the components of a Talmud based world view. What are its components? How have they related the demands of tradition to contemporary life?

**MS-404 A - Senior Mussar/Chasidus: Shmiras Haloshon 3 credits**

This course focuses on the applied Mussar lessons focusing on a single commandment: the laws surrounding loshon hara, the various forms of detrimental speech from slander and gossip, to wounding speech, libel defamation, and implied slurs. The focus on guarding one’s tongue is illustrative of a number of other prophylactic ethical behaviors e.g., guarding one’s eyes from gazing at impermissible sights, shielding one’s ears from prohibited language, etc. One of the classic works in this field is by one of the outstanding halachists of the previous century, Rabbi Yisroel Meir Kagan, whose monograph on shmiras haloshon has become a classic ethical treatise.

**MS-404 B - Senior Mussar/Chasidus: Cheshbon Ha'Nefesh 3 credits**

In the field of Torah ethics, the Mussarists argued that the Duties of the Heart and making a continuous and conscientious accounting of one’s deeds, thoughts and motivations is one of the most compelling of objectives. Students analyze the interior world that these thinkers erected, a world that is designed to guide behavior, inflect choices and assure that careful, considered thought precedes each consequential action. This training in ethical philosophy promotes rational conduct and saves the individual from rash, impulsive responses. Through exercises designed to integrate these teachings into everyday life, students learn to handle situations with a Mussar perspective, become skilled in reading Mussar texts and acquire a system for tracking and measuring spiritual progress.
